WHY MCKENZIE'S?

A trusted brand for over 170 years

PROUDLY MADE IN AUSTRALIA SINCE 1852

McKenzie's is an Australian-owned and family-operated company with more than 170 years of traditional, high-quality manufacturing and service to the food sector. We uphold an 'Australian first sourcing policy' and have been working with the same Australian farmers for decades. We only import ingredients that aren't commercially grown in Australia or if local produce is poor.

COMMITTED TO QUALITY & FOOD SAFETY

We pride ourselves on our commitment to quality products and food safety. HACCP regulated systems underpin all of our operations. We are also certified by Safe Quality Food (SQF), widely recognised as the complete yardstick for quality and safety, and the Department of Agriculture and Water Resources (DAWR) to ensure all imported ingredients meet strict controls.

ENVIRONMENTAL & SUSTAINABILITY INITIATIVES

We're committed to our responsibility to address the environmental impact of soft plastics. For products using soft plastics, we continue our investigation into options that drive sustainable solutions through replacement, reduction and reuse, while ensuring product safety, integrity and functionality are maintained. Plus, we're a member of the Australian Packaging Covenant.
